

## Addition and subtraction grids

Add the numbers in each row  $\leftrightarrow$  and column  $\updownarrow$  and write the answers in the circles  $\bigcirc$ .

Then add the numbers in the circles in each row and column, and write the final answer in the empty box  $\square$ .

What do you notice?

5	3	$\bigcirc$
8	6	$\bigcirc$
$\bigcirc$	$\bigcirc$	$\square$

4	9	$\bigcirc$
7	2	$\bigcirc$
$\bigcirc$	$\bigcirc$	$\square$

8	3	$\bigcirc$
7	10	$\bigcirc$
$\bigcirc$	$\bigcirc$	$\square$

10	7	$\bigcirc$
9	12	$\bigcirc$
$\bigcirc$	$\bigcirc$	$\square$

13	15	$\bigcirc$
16	11	$\bigcirc$
$\bigcirc$	$\bigcirc$	$\square$

24	31	$\bigcirc$
52	43	$\bigcirc$
$\bigcirc$	$\bigcirc$	$\square$

Now try these.

	7	$\textcircled{10}$
4		$\bigcirc$
$\bigcirc$	$\textcircled{12}$	$\square$

		$\textcircled{11}$
3	6	$\bigcirc$
$\textcircled{12}$	$\bigcirc$	$\square$

15		$\textcircled{21}$
20		$\bigcirc$
$\bigcirc$	$\textcircled{23}$	$\square$
